**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-18 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The rejections under 35 USC 102/103 have been withdrawn in light of applicant's amendment and argument filed August 4, 2004. The claimed invention as amended is limited to compositions consisting essentially of the claimed compounds. In addition, as argued by applicant, the present specification shows a decrease in the anti-bacterial activity of the compositions with the addition of similar compounds such as those taught by the prior art (see especially Examples 7 and 8 of the present specification). The prior art lacks motivation to modify the prior art compositions in order to obtain the presently claimed composition consisting essentially of the methoxysandela, i.e., the methoxy derivatives the prior art compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
